

# Jiacheng Hou

- **Gender:** Male
- **Tel.:** +86 15675788929
- **Email:** hjc@tju.edu.cn
- **Add.:** Weijin Road No.92, Nankai district, Tianjin, China

## Education

- **Central South University of Forestry and Technology (China)** 2016.9. – 2020. 7.  
**Major:** BS in Electronic Information Engineering **GPA:** 4.03/5 (top 10%)
- **Bangor University (U.K.)** 2017.9 – 2020.6  
**Major:** BS in Electronic Engineering **GPA:** 85.53/100 (First class honors)
- **Tianjin University (TJU, China)** 2021.4. – now  
**Major:** MS in Information and Communication Engineering **GPA:** 91.33/100 ( - )
- **Georgia Institute of Technology (GT, U.S.)** 2021.9 – now  
**Major:** MS in Electrical and Computer Engineering **GPA:** 3.83/4.0 ( - )

## Publication

- **Wire-removal method, device and medium based on deep generative models**, China Patent (In-progress)
- **G2LP-Net: Global-to-Local Progressive Video Inpainting Network**, IEEE TCSVT (CCF-B, IF=5.859)
- **Reversible data hiding based on multiple histogram modification and deep neural networks**, SPIC (CCF-C, IF=3.453)

## Internship

- **ZOOMLION** – IOT depart. 2018.12 – 2019.2  
Working as the general intern to assist device development, e.g. writing device reports.
- **State Grid China** – Electrical Research Institute Hunan 2019.5 – 2019.11  
Working as the research intern to assist data collection, cleaning, pre-processing, literature review, paper writing, paper revision and etc.
- **South University of Science and Technology** – CS depart. 2022.5 – 2022.12  
Working as the visiting student carrying the research in the field of multi-modal video processing, e.g. RGB-D videos.

## Skills and Certificates

- **Language skills:** CET-4, CET-6, IELTS Band 7.5 (Speaking and Writing are 7)
- **Programming skills:** Python (Pytorch, tensorflow, keras), C++, MATLAB
- **Awards:** China National Scholarship (2022), Excellent Student of Tianjin University (2022), First-class Scholarship of Tianjin University (2021, 2022), etc.
